- Worked in providing cyber education to more than a thousand students from many schools under the Safe Surfing mission of Delhi GOVT.

### Srijan (STS Academy) Institute - *Instructor*

January 2019 - Present

## PROJECTS

- **Smart Ambulance System**

We made a smart ambulance system to reduce the increasing number of deaths due to road accidents up to 80% using Arduino, node MCU, GPS module, etc. So that on the encounter of an accident the vehicle will itself notify the nearest ambulance to it sending its geo-coordinates in the low network as well as in no network areas as fast as possible.

- **Offensive Criminal Tracker**

We made a tool to track criminals using one-pixel image tracking and phishing links through Whatsapp, EMail, Facebook, etc providing us much vital information in getting to the criminal like IP address, web kit, geo coordinates, device information, etc.

## SKILLS

- **Programming Languages:** C, C++, Java, Python, SQL, ROS
- **Software Skills:** Android Studio, Arduino, Office Tools
- Conversant in Database Management System
- Proficient in cybercrime investigation and security
- Learning Artificial Intelligence

## CERTIFICATION

- **Core Python from Brain Mentors Pvt Ltd, Rohini**  
Worked on PyCharm, Jupyter Notebook, Eclipse for various programs and projects.
- **Impact Communication and Personality Development Program- by impact worldwide**
- **C and C++ from NetworkNet Pvt Ltd, Kingsway Camp**  
Completed c and c++ languages from the NetworkNet training institute

## ACHIEVEMENTS

- Placed in top 5 in LNM Hacks 4.0hackathon sponsored by MLH at LNMIIT, Jaipur (19-20octobet 2019).
- Organized many electronics events like Robo Wars, Robo Soccer, Robo Race, Line following Robo, etc, being a part of electronics and robotics society (ELECTROTECH) in the college technical fest INFOx 2020.
- Placed in top 5 and even top 3 teams in many hackathons held at various colleges like BPIT, Rohini, Bhartiya Vidyapeeth, etc.
- Participated in the 26 January parade tableau held at Rajpath in 2019.
- Participated in a national-level English debate competition in the social science exhibition after winning various sub-levels (intraschool, cluster, zonal, regional, etc.)
- Participated and completed "DST-INSPIRE SCIENCE CAMP", held at KIRORIMAL COLLEGE, Delhi University.
- Participated in EYRC competition 2019, 2020
